Washington 25, D.C.

OUR THIRTY YEAR ANNIVERSARY

TO FRIENDS AND CUSTOMERS:

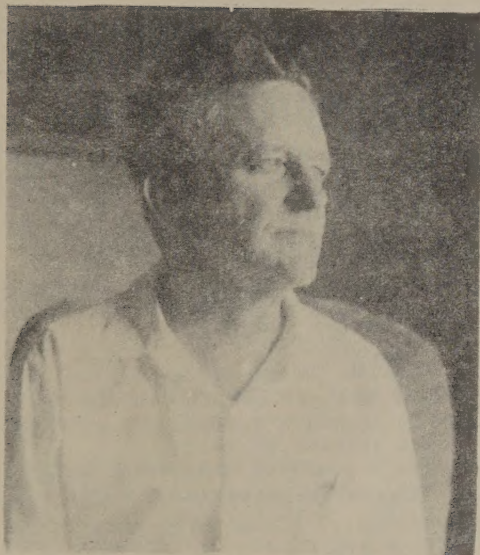

In looking over our records I find that we sold our first nursery stock in 1924. So we are celebrating our 30th anniversary this year and will have something special to offer our customers, which will be advertised by radio and newspaper at planting time. Also please note any specials in this price list. I got started in the nursery business through selling strawberry plants when we were located one mile east of Rapid City in Rapid Valley on what was once the old Valley Race Track. The old timers will recall about that. From this start we expanded into all branches of nursery stock that was suitable for this climate. Outside of the John Robertson Nursery in Hot Springs, which was operating at that time, we were the only nursery west of the Missouri in South Dakota. At present we are not located in Rapid Valley, but for the past four years have had our Office and Headquarters at 509 West Blvd. North and our growing and display grounds are located at 621 East Omaha.

We are sorry that many of our old customers still go down to our old location, in the valley, and have a little trouble in locating us here at our present location. To find us, turn north at the corner of Omaha and West Blvd. crossing Rapid Creek, north five blocks to the foot of Silver St. Give us a ring.

Sincerely,

E. A. GATES

P.S. Be sure to get in touch with us for free estimates or advice on what to plant and where, when you are undecided. Free plans furnished where stock is purchased from us. We also give our customers free estimates on landscaping and planting lawns.

Shade Trees

FOR SEEDLINGS LOOK UNDER HEDGING AND WINDBREAKS

We have found the following varieties dependable and suitable for this climate. We would be glad to advise if you are undecided as to what would be suitable for your needs.

Price: \$1.20 ea.

ENGLEMAN IVY - fast grower on stone or brick.

Price: \$.90 ea. \$9.00 doz.

Planting

We do a certain amount of planting for our customers, who live in and around Rapid City. Planting charges are one-third above cost of nursery stock, with the exception of evergreens, which will be 20% above cost, and hedge plants at an average cost of 25¢ per running foot of trench. An additional charge is made for top dirt and fertilizer where it is required. Lawn work is figured at 3¢ per sq. ft. including grass seed, fertilizer and the raking necessary for finished lawn. Grading and top dirt additional. The cost of top dirt runs 1¢ per sq. ft. for each inch soil added.
